QOSAI BADAHA

COMPUTER SCIENCE UNDERGRADUATE

Qosaibadaha26@Gmail.Com | Ramallah, Deir Ammar | +970597698941 | http://github.com/Qosai1

Profile

Motivated and curious Computer Science undergraduate with a strong interest in User Interface (UI) development. Familiar with tools and languages including Android Studio, PHP, HTML, CSS, Java, SQL, and Python, with a growing passion for building interactive and responsive front-end interfaces. Seeking a training opportunity to apply technical skills in real-world projects, deepen experience in UI development, and contribute to creative digital solutions. Eager to learn and grow within a professional environment focused on front-end or application interface design.

Education

Bachelor's Degree in Computer Science
Birzeit University, PS | 2021-2026E
Graduation Project: The graduation project involves developing a Municipal Council Digital Archiving System aimed at digitizing and organizing key municipal records. The system enables the structured archiving of municipal council sessions, building and zoning committee meetings, project committee sessions, and documents related to building permits and regulations. It improves access, efficiency, and data management for municipal staff. The system is being developed using Java for backend logic, SQL for database management, and HTML/CSS for the user interface.

Other Key Project: Task Allocator Pro (TAP) is a web-based task management system built with PHP, HTML, CSS, JavaScript, and MySQL. It allows administrators to assign tasks, set deadlines, and monitor progress, while users can view and update their task statuses. The system enhances team collaboration, accountability, and workflow efficiency by providing a centralized platform for task tracking and management.

Certificate of General Secondary Education in Science "Tawjehi"
Deir Ammar Mixed Secondary School, PS | Cumulative Average: 85%

Skills

Technical Skills:
- **Programming Languages**: Java, Python, PHP
- **Web Development**: HTML, CSS,
- **UI/UX Development**: Android Studio
- **Database Management**: MySQL
- **Version Control**: GitHub
- **Development Tools**: Eclipse, Android Studio
- **Operating Systems**: Windows

Soft Skills:
- Problem-solving
- Team collaboration
- Time management
- Adaptability and eagerness to learn
- Strong communication skills (written and verbal)
